Family Spotlight, Meet the Twomey's

John and Michelle Twomey are athletic and active young parents. They have lived in Clinton Township for several years. They have 2 beautiful daughters, Alisa – age 5 and Vanessa age 4.

The Twomeys' love to take advantage of the family events that CTPR offers. Summer Concerts, Fall Family Festival, Easter Egg Hunt, Christmas Aglow and the Outdoor Movie are all "must-do." The Twomey girls especially enjoy the Art Corner at the concerts, movies and the pony rides!

Busy Mom Michelle has discovered our Aerobics/Kickboxing and Awesome Abs classes and is now scheduling in time for her health and recreation. "the instructor, Maria Marino, is awesome. The classes are interesting, innovative and most of all fun," says Michelle.

John and Michelle choose CTPR because, "the Clinton Township department always provides a wide variety of exceptional programs for all ages." Our staff has enjoyed getting to know the Twomey family – especially watching the children grow from infants to beautiful little girls. We take pride in supporting and providing programs for such an exceptional family.

Employee Spotlight

Rhonda Andreski has been a familiar face to all of our sports and concert fans since 2001. She is our Concession Stand Manager. Mrs. Andreski has been married for 26 years to husband, best friend and right hand man, Dan. Together they have two terrific children, Jason who is an Airman E4 with United States Air Force; and Sarah, a student at Oakland University. Mrs. Andreski is certified in American Red Cross First Aid and CPR and is an experienced hand at dealing with injuries during the sports season. She

has also attended Baker College and has an Associates Degree in Data Processing/Micro Computers.

Rhonda loves sports. She enjoys watching the children of Clinton Township during the football, baseball and soccer seasons. Rhonda also works our Concerts, Fall Festival, Polar Express and Lunch with Santa programs. Rhonda is proud of the high standards set by her concession stand staff, where Clinton Township routinely earns the

highest marks for cleanliness, health and safety. She is also proud of the quality of our food where even the hot dogs draw raves from customers.

A special memory for Mrs. Andreski is the Rainbow Connection Polar Express train ride. "These children face a variety of serious conditions and to see their smiles and eyes light up on the train, the way they listened to the story and sang all the songs, forgetting for a moment all of their concerns" as Rhonda says, "the simplest things we do in Parks and Recreation truly can make memories that last a lifetime."

Rhonda Andreski is a dedicated and tireless champion for the children of the Clinton Township Community. She puts her heart and soul into every thing she does. She says that she is proud to represent CTPR. We want her to know that we are proud to have someone with her incredible work ethic, sincerity and proficiency. There is no task too small or insignificant for Rhonda. Every detail merits her very best efforts. At Clinton Township Parks and Recreation, we sweat the small stuff because the little things make a world of difference.

Here's some more terrific CTPR alumni who are now teachers:

Employee Update... Good Luck Kyle

Kyle Langlois has been an important part of the Clinton Township Parks and Recreation family for almost a decade! Kyle began his "career" with CTPR as a 15 year old inventory summer helper. He spent his high school and college days working in a variety of increasingly responsible positions with our staff. When it came time to choose a major – he chose Recreation Administration. Kyle has moved on to a better opportunity with Sterling Heights Parks and Recreation. He follows in the footsteps of Gina Vitale, Meggan (Doyle) Chelsey, Jodie Tedlock and Erika (Cole) Pratt – each of these young people work for other recreation organizations today – but all began their careers here at CTPR.

Because we want the best for those in our family, we applaud Kyle's move and the next chapter of his life. Because we are a family, he has left a hand print on each of our hearts – and we will miss him greatly. Please know that your Township Board of Trustees has allowed our department to replace Kyle and we will have a new person in place soon. This new person will be critically screened and tested because the families of the Clinton Township Community deserve only the best. We hope that you will welcome the newest member of our CTPR staff with enthusiasm. We look forward to continuing to create community by making memories that last a lifetime!

THE AMERICANS WITH DISABILITIES ACT

The Americans with Disabilities Act went into effect on January 26, 1992. To this nation's more than 43 million citizens with disabilities, the ADA represents an unprecedented opportunity to eliminate the barriers to independence and productivity.

The purpose of the ADA is to extend to people with disabilities civil rights similar to those now available on the basis of race, color, sex, national origin and religion through the civil rights act of 1964. It prohibits discrimination on the basis of disability in the private sector and in state and local private entities. It also includes provisions for telecommunications relay services.

The Charter Township of Clinton honors the ADA and will work diligently to make the necessary accommodations for individuals who need them. Please use the appropriate area on the registration form to make us aware of your situation and needs prior to your participation in a Clinton Township Parks and Recreation program.

COPIES OF THE ADA ARE AVAILABLE FROM YOUR SENATORS AND REPRESENTATIVES AND CAN BE FOUND IN YOUR LOCAL LIBRARY.

Located at the Clinton Township Civic Center, the park is centrally located in the township. To obtain a park pass, an owner

Geocaching 101:

An Introduction to Geocaching and GPS Technology

Geocaching is the hottest new sport to attract thousands of international players. Featured on ABC News and in news stories around the globe, geocaching (www.geocaching.com) is a worldwide, high-tech treasure hunt using Global Positioning System receivers and the Internet.

The Global Positioning System (GPS) enables people to pinpoint specific geographic locations accurately—anywhere in the world—using a GPS receiver. Once a person has hidden a treasure (or “geocache”) and recorded the location, another player can locate the geocache using his or her GPS receiver. Clinton Township is home to over 25 geocaches!

The Geocaching 101 class will teach participants how to use a GPS receiver and how to successfully participate in the game. You don't have to bring a GPS receiver because one will be provided for the class. This is a great opportunity for anyone interested in using a GPS receiver and trying an exciting new hobby.

Geocaching is a wonderful activity for families, scout groups and all outdoor enthusiasts. Because of the various difficulty levels in geocache hunts, people of all abilities can find suitable challenges. Geocaching attracts a diverse group of people. Our Geocaching 101 class is designed for adults and children age ten and above.

Geocaching 101 Includes:

- GPS history and function
- Basic use of the GPS receivers
- Using geocaching.com web site
- Finding a cache
- Instruction and hands-on experience
